835 Registration

Please list all SummaCare Providers, along with their associated Rendering Network Provider Identifier, that will be receiving the 835 Payment Advice/Remit Transaction.

Note: SummaCare Inc. makes claims payments based on the Rendering Network Provider Identifier assigned to the provider. Depending upon the payment arrangements between the provider(s) and SummaCare Inc., multiple providers may be paid under the same Pay-To Number. An example of this is multiple providers within the same group practice. When a provider in a group practice requests an 835 electronic transaction, all other providers under the same Pay-To Number will also receive an 835 electronic transaction.
