SummaCare Memo: Change to Medication Reconciliation and TRC Measures

Formerly a stand-alone measure, Medication Reconciliation is now incorporated into the Transitions of Care measure applicable to Star Ratings. The TRC measure seeks to ensure that comprehensive care is being provided to members following their hospitalization and discharge from an inpatient facility. The Med Rec sub-measure requires providers to document the reconciliation of member medications within 30 days after discharge.

Medication Reconciliation can occur during a virtual visit of any kind or an in-person visit. Providers can close care gaps for this sub-measure if they bill using the following codes:

Value Set Name	Code	Code System
Medication Reconciliation Encounter	99483	CPT
Medication Reconciliation Encounter	99495	CPT
Medication Reconciliation Encounter	99496	CPT
Medication Reconciliation Intervention	1111F	CPT-CAT-II
Medication Reconciliation Intervention	430193006	SNOMED CT US Edition
Medication Reconciliation Intervention	428701000124107	SNOMED CT US Edition

Other Transitions of Care components are

- **Notification of Admission:** Receipt of notification must be documented within two days of admission (three days total).
- **Notification of Discharge:** Receipt of notification must be documented within two days of discharge (three days total).
- **Patient Engagement:** This contact can be virtual or in-person and must be documented within 30 after discharge.

Providers can use codes associated with the following HEDIS value sets to close care gaps for this sub-measure. There are 111 codes associated with the applicable HEDIS value sets and these codes can be shared with offices that require them:

1. An outpatient visit (Outpatient Value Set).
2. A telephone visit (Telephone Visits Value Set).
3. Transitional care management services (Transitional Care Management Services Value Set).
4. An e-visit or virtual check-in (Online Assessments Value Set).

If you have any questions, please contact Provider Support Services or your Provider Engagement Specialist at **330.996.8400** or **800.996.8401** or via email at **contactproviderservices@summacare.com**.
