Re: BrainHQ

Dear Network Provider:

Improvements in brain speed, attention, intelligence, people skills, navigation and memory lead to an overall better quality of life. SummaCare Medicare Advantage members are entitled to a free membership of BrainHQ—an online headquarters for working out your brain with dozens of exercises focusing on attention, memory, brain speed, intelligence, people skills and navigation.

BrainHQ was co-founded by Dr. Michael Merzenich

- Member of the National Academy of Science
- Member of the National Academy of Medicine
- Winner, Kavli Prize in Neuroscience

BrainHQ's Courses

- Developed by a team of more than 100 scientists
- Funded by grants from the National Institutes of Health & the US Department of Defense
- Shown to be effective in more than 100 peer-reviewed journal articles
- Offered at leading hospitals, academic research centers, military medical centers and sports training facilities

Eligible Medicare Advantage members can register for BrainHQ today at summacare.brainhq.com. Contact BrainHQ at **877.848.2505** or email support@brainhq.com if you need additional assistance.
