

Medical Prior Authorization List

(For Services and Equipment)

Effective – February 3, 2022

THIS LIST APPLIES TO ALL MEDICARE/COMMERCIAL FULLY-INSURED/SMALL GROUP/SELF-FUNDED

Certain services require prior authorization in order to be covered under your health plan. Prior authorization review is the process of determining the medical necessity of a proposed procedure, surgery or treatment (including prescribed drug intervention) relative to approved criteria. Prior authorization is required to ensure that the service is medically necessary and that you will receive the benefits to which you are entitled. Emergency services do not require prior authorization.

Requests for prior authorization must be received before the services are provided. Failure of a network provider to contact the health plan for required authorization of items covered under your plan will relieve the health plan and you from any financial responsibility for the service, if those services are rendered before notifying the plan.

NOTE: Your in-network providers are responsible for obtaining authorization 48 hours prior to the provision of services. It is your responsibility to make sure prior authorizations are completed for all services that require a prior authorization outside our service area or performed by a non-preferred provider. The number to call for prior authorization is listed on the back of your SummaCare Identification Card.

For PPO members only: If prior authorization is not received, your claim will be reviewed for medical necessity and whether the service is a covered benefit. If the service is not medically necessary or not a covered service, the claim will be denied. You always have the right to appeal this denial if you feel the service was medically necessary.

IMPORTANT INFORMATION

1. All services, even if authorized, are subject to your benefit plan contract coverage and exclusions, eligibility and network design. Approvals are not a guarantee of coverage, as your benefit plan contract may retroactively terminate at a future date.
2. Services listed on this document may not be covered because they are listed as exclusions on your plan contract. Your benefit plan contract exclusions and current status of eligibility may be verified online at **www.summacare.com**.

3. Providers may call 330-996-8400 or 800-996-8401 (TTY 800-750-0750) or visit www.summacare.com with questions about eligibility and coverage of services.
4. If the provider submits the request for prior authorization electronically through SummaCare Plan Central (our portal), we shall respond to all prior authorization requests within 48 hours for urgent care services, or 10 calendar days for any prior authorization request that is not for an urgent care service, of the time the request is received by us. Upon receipt of the prior authorization, we will provide an electronic receipt to the provider acknowledging that the prior authorization request was received.

Our response shall indicate whether the request is approved or denied. If the prior authorization is denied, we shall provide the specific reason for the denial.

If the prior authorization request is incomplete, we shall indicate the specific additional information that is required to process the request.

We shall disclose to all participating providers any new prior authorization requirement at least 30 days prior to the effective date of the new requirement. This notice may be sent via electronic mail or standard mail and shall be noted "Notice of Changes to Prior Authorization Requirements." The notice is not required to contain a complete listing of all changes made to the prior authorization requirements, but shall include specific information on where the provider may locate the information on our website or our portal.

All Preferred Providers shall promptly notify us of any changes to their electronic mail or standard mail address.

We will make available to all Preferred Providers on our website or provider portal a listing of the prior authorization requirements, including specific information or documentation that a provider must submit in order for the prior authorization request to be considered complete.

We will make available on our website information about the policies, contracts or agreements we offer that clearly identify specific services, drugs or devices to which a prior authorization requirement exists.

For an adverse prior authorization determination, the appeal process relating to that shall include all of the following:

- a) For urgent care services, the appeal shall be considered within 48 hours after we receive the appeal.

- b) For all other matters, the appeal shall be considered within 10 calendar days after we receive the appeal.
- c) The appeal shall be between the provider requesting the service in question and a clinical peer.
- d) If the appeal does not resolve the disagreement, either the covered person or an authorized representative as defined in section 3922.01 of the Revised Code may request an external review under Chapter 3922. of the Revised Code to the extent Chapter 3922. of the Revised Code is applicable.

Except in cases of fraudulent or materially incorrect information, we will not retroactively deny a prior authorization for a health care service, drug or device when all of the following are met:

- a) The provider submits a prior authorization request to us for a health care service, drug or device;
- b) We approve the prior authorization request after determining that all of the following are true:
 - 1. You or your dependent is eligible under the health benefit plan.
 - 2. The health care service, drug or device is covered under your benefit plan.
 - 3. The health care service, drug or device meets our standards for medical necessity and prior authorization.
- c) The provider renders the health care service, drug or device pursuant to the approved prior authorization request and all of the terms and conditions of the provider's contract with us;
- d) On the date the provider renders the prior approved health care service, drug or device, all of the following are true:
 - 1. The member is eligible under the health benefit plan.
 - 2. The member's condition or circumstances related to the member's care has not changed.
 - 3. The provider submits an accurate claim that matches the information submitted by the provider in the approved prior authorization request.
