

Dear Network Provider:

As we embark on a new year, SummaCare is focused on ways we can better serve our members, our providers and the environment. One way we are seeking to do this is to provide your remittance information electronically. This will enable us to get your information to you faster, and reduce our carbon footprint by reducing the amount of hardcopy printing and mailing we do.

In fact, Ohio Revised Code Section 3901.381 (F) requires us to provide electronic remittance of payment information for claims received electronically:

3901.381(F) A third-party payer shall transmit electronically any payment with respect to claims that the third-party payer receives electronically and pays to a contracted provider under this section and under sections 3901.383, 3901.384, and 3901.386 of the Revised Code. A provider shall not refuse to accept a payment made under this section or sections 3901.383, 3901.384, and 3901.386 of the Revised Code on the basis that the payment was transmitted electronically.

We have noticed that you are currently submitting your claims electronically, but receiving your payment information in hardcopy format.

Beginning April 1, 2023, we will be posting your electronic remits to your SummaCare Plan Central account. If you would prefer that we submit an 835 to your billing partner or an FTP location of your choice, we will be happy to oblige. The 835 Registration Form and Electronic Fund Transfer Form may be accessed on our website at **summacare.com/ediresources**.

If you are not currently using Plan Central, you may register for access at **summacare.com/plancentralregistration**. If you are unable to access Plan Central, please contact our dedicated provider support team at **330.996.8400**.

Thank you for your cooperation.

SummaCare
