A SummaCare Publication For Our Providers.

Dear Provider,

We are writing to inform you of an upcoming change to specialty pharmacy services for SummaCare Medicare Advantage members.

Effective July 1, 2026, Acaria Health will become the preferred specialty pharmacy for all SummaCare Medicare Advantage members. This change builds upon our existing relationships within our Commercial and Marketplace lines of business, which already utilize Acaria Health.

Acaria Health offers a range of services designed to support both providers and patients, including:

- Clinical programs and specialty support
- Coordination of nursing services
- 24/7 pharmacist availability
- Claims processing and reimbursement assistance
- Copay assistance programs
- Patient education, including IV and injectable therapy training
- Medication delivery to the home, workplace, or physician's office
- Online patient portal for real-time access to treatment and medication information
- Multilingual support services
- Text alerts for refill reminders and delivery updates

Please note that Medicare Advantage members retain the right to use any specialty pharmacy of their choice. However, Acaria Health offers enhanced support and cost efficiencies compared to other options.
